4 of 4 review helpful Great writing great reading a NW classic By Gerald Albertson Here s a book that should be required reading not only for those interested in the Inside Passage but for all aficionados of good writing At first I was confused by the format of ot the book Little vignettes of Joe s personal experiences then history lessons surrounding the same location along with legends passed down by old timers Writer and fisherman Joe Upton recounts the riveting stories of explorers of the past and seafarers of the present in JOURNEYS THROUGH THE INSIDE PASSAGE His chronicle offers events vivid in their telling the journey of widow nbsp Muriel Blanchet who solo navigated a small vessel in the 1930s with her five children the failed meeting of explorers Alexander Mackenzie and George Vancouver in 1793 countless sinkings and tales from the author s own experiences Alternately exhilarating and contemplative Upton s approach underscores the powerful effect of the sea and land on those who choose to wrestle with them nbsp Booklist
