1 of 1 review helpful A Must Have By The Groove Right now my social life is pathetically nonexistent but if you re looking for a guide to local eateries for that special first date this guide is absolutely priceless It has all the information you need to know about the most popular and acclaimed restaraunts in the local area The book doesn t dig deep and tap into other smaller places that may have passed the radar Contains the results of the 1998 Boston area restaurant survey with the opinions of nearly 2000 people represented on almost 700 restaurants This guide offers written commentaries on each establishment with scores for food decor and service and an average cost per meal
