0 of 0 review helpful Disappointing not as good as driving guide By perrymasonry This is a scaled down version of the Thomas Cook Driving Guide covering New England I was disappointed with this guide as it does not contain the same detail as the driving guide The driving guide contains maps of the recommended tours and although one may not have a vehicle it still gives a nice overview of the area The traveller guides are informative and concise and are aimed at mainstream travelers wanting to discover something a little different on their trip nbsp These indispensable guides offer the perfect blend of culture history practical information mapping photography and listings nbsp
