0 of 0 review helpful Needs Updating but Still a Good Guide By Carolyn Mathews We live in Montana and use this book a lot in spite of the fact that much of the information is outdated Many of the shops stores and restaurants listed

are either out of business or have different operating hours The basic information however is still good recommendations about what to see roads to take etc I do recommend this guide Even the most famous explorers relied on a knowledgeable guide And nowhere will you find a more knowledgeable guide than The Ultimate Montana Atlas and Travel Encyclopedia It would require almost a dozen of the top guidebooks on Montana to find the information contained in this single volume — and you still wouldn't have everything that is in this book 114 maps — 52 maps of towns and cities — Over 2 000 Restaurants — Over 700 Motels
