1 of 1 review helpful Good Guide to Cape Cod By perrymasonary I checked out this edition of Moon s Cap Cod from

my local library The library did not have a more current edition However this did not deter my research for an upcoming trip to the area This edition of Moon's Cap Cod guide provides good information about the area and the sights to see Compared to the New England edition which also covers Cape Cod and the Islands are New England's playground by the sea Visitors looking to escape the maddening crowds and pricey parking lots for the experience of its diverse landscape unique history and charming communities will find all the information they need in this new Moon Handbook While most conventional guides include only the obvious highlights this guide covers the entire region with an insider's perspective on must see attractions and undiscovered gems worth The latest in the batch of Moon Handbooks releases proves again that Moon is one of the finest travel series around What sets Moon apart from most guidebooks is the attention to detail and more importantly a respect for the topic
